Please note that according to the Internal Revenue Service, "Donations of stock or other property are usually valued at the fair market value of the property. For stocks and bonds with an active market, the fair market value is the average price between highest and lowest selling price on the valuation date." Port City is not allowed by the IRS to report the actual fair market value of the donation. Your stockbroker should provide you the exact tax-deductible amount on the date you donated the stocks.
